

CALVARY CHAPEL CARDIFF, WALES

Capel Calfaria Caerdydd --SPRING 2010

**John & Julie
Vickery**

Greetings from Cardiff!

We continue to be blessed and encouraged to see new people join our fellowship because we teach God's Word! We are the only church in Cardiff that teaches verse-by-verse through the whole Bible, and there are many Christians in and around the City who are starving for the Word of God... and The Word is getting around! Please pray that the Lord will continue to honor the teaching of His Word!

Women's coffee morning and bible study now takes place every other month. This has proved very popular and has been great time of blessing for the women!

Our Young Adults continue to be a great blessing to the Church! Please pray for Sean, a young man with great potential, who is considering going to Bible College this year.

We are so blessed by all your continued prayers and support for us. You really do make a difference!

Discrimination Against Christians We have recently seen a dramatic increase in discrimination against Christians in the UK since new equality laws were passed by the government. A Christian registrar of over 10 years was fired because she asked not to conduct civil partnership ceremonies ('Gay marriage'); Christian adoption agencies have been forced to close because they refused to place children with homosexual couples; A number of Street Preachers been arrested for simply preaching the Gospel in public, when a homosexual complained they were 'offended' (even though this is currently *not* illegal). These laws also threaten the freedom of churches to choose not to employ practicing homosexuals and it is feared that if things continue as they are, Pastors who publicly teach that homosexuality is sin may soon risk breaking the Law!

The Christian Institute is an organization devoted to standing up for Christian values and freedom in the Public and Legal arenas, including supporting and funding the defense of Christians in legal cases. They also hold meetings across the country to inform Christians/Churches of the current legal and political situation and to encourage Christians to stand up for Christian freedom in what is becoming an increasingly anti-Christian society. *We are pleased to be a hosting a meeting in Cardiff in June!*

Creation Fest is an annual Christian Music Festival and Bible Week organized by Calvary Chapel Costa Mesa and held in Cornwall, England with a strong emphasis on Evangelism and Bible Teaching. This years' festival will take place 7-13th August and *Steve has been asked to be one of the speakers!*

Women's Coffee Morning
